### NovaLash useful information:

We have two certified NovaLash techs (Mona Diaz and Janet Rivera). Our two techs have gone through extensive training with NovaLash and have been applying lashes for over five years now.

The initial (Full Set) application is \$200.00 (NovaLash American Volume is slightly higher) and takes about 1 1/2 - 2 hours (we do ask for a deposit on all full sets).

In order to maintain your investment, fills (which are needed to maintain your lashes) are recommended every 2-4 weeks. As your lashes grow, fills are basically re-attaching and re-securing the artificial lash on your own natural lash. If you don't, they would simply fall off. Fills start at \$50.00 (NovaLash American Volume is slightly higher) and take about 45 - 60 minutes. If you wait longer than the recommended 2-4 weeks, the price may slightly increase due to the fact that more maintenance may be needed.

There are various sizes and textures. NovaLash is the only lash company using a patented medical grade adhesive. We also carry cleansing pads, mascara and eyeliner by NovaLash for maintaining your lashes.

### Traditional Lash Application:

We also offer traditional lash application starting at \$50. please ask for Laura for more information
